

December 1, 1998

To whom it may concern,

I would just like to say. What about the youth of this community. I am currently serving as a Utah State FFA Officer. By being a officer, I'm to be an advocate of agriculture. Ever since I was a child growing up in Genola, I have had a great sense of pride in our farm and community.

I want to take over my fathers farm in a few years, but if a asphalt plant intervenes my pride, my heritage, my livelihood will be lost forever. Please don't allow a industry to ruin what many generations of farmers have made. Please put Valley Asphalt in a place away from populations, farms, and the down to earth good people in this county.

Thank you,

Jerry Fowers
